

Vietnam Special Studies Group (VSSG), 1971-1974

NARA-Prepared Layout for ASCII Rendered Fixed Set						
Field Name	File Position	Field Length	Data Type	Use	Field Title/Description	Notes
DATE	1	4	Alphameric	Control	Month and year of hamlet data	The DATA and USID fields comprise the RECID group.
USID	5	9	Alphameric	Control	U.S. identification code: Position 1: Corps identifier Position 2-3: Province identifier Position 4-5: District identifier Position 6-7: Village identifier Position 8-9: Hamlet identifier	
+PCN	14	3	Alphameric		Periodic set number	
+SC0	17	4	Alphameric		Subset control group in the key for a specific logical record	
					Indicates number of characters in the logical record's variable field; the field will contain zeros if there is no variable field for a logical record	
VSZ	21	4	Numeric			Created by the NIPSTRAN program
HPOP	25	5	Numeric		Hamlet population	Created by the NIPSTRAN program
POINT	30	8	Alphameric		Hamlet UTM coordinates	Created by the NIPSTRAN program
URBAN	38	1	Alphameric		Urban/rural flag	U = Urban R = Rural
HMB1	39	1	Alphameric		Enemy forces control	Refer to Appendix A.
XHMB1	40	1	Alphameric		Derived enemy forces control	Refer to Appendix E.
HMB4	41	1	Alphameric		Enemy forces presence	Refer to Appendix A.
XHMB4	42	1	Alphameric		Derived enemy forces presence	Refer to Appendix E.
HQB1	43	1	Alphameric		Enemy Infrastructure	Refer to Appendix A.
XHQB1	44	1	Alphameric		Derived enemy infrastructure	Refer to Appendix E.
HQC2	45	1	Alphameric		Daylight security operations	Refer to Appendix A.
XHQC2	46	1	Alphameric		Derived daylight security operations	Refer to Appendix E.
HQC3	47	1	Alphameric		Nighttime security operations	Refer to Appendix A.
XHQC3	48	1	Alphameric		Derived nighttime security operations	Refer to Appendix E.
HQC4	49	1	Alphameric		Enemy nighttime presence	Refer to Appendix A.
XHQC4	50	1	Alphameric		Derived enemy nighttime presence	Refer to Appendix E.
HQC5	51	1	Alphameric		GVN personnel security	Refer to Appendix A.

NN3-330-75-141

Prepared February 15, 2019

Vietnam Special Studies Group (VSSG), 1971-1974

NARA-Prepared Layout for ASCII Rendered Fixed Set						
Field Name	File Position	Field Length	Data Type	Use	Field Title/Description	Notes
XHQC5	52	1	Alphanumeric		Derived GVN personnel security	Refer to Appendix E.
HQE2	53	1	Alphanumeric		Administration	Refer to Appendix A.
XHQE2	54	1	Alphanumeric		Derived administration	Refer to Appendix E.
HQZ1	55	1	Alphanumeric		Urban/rural	Refer to Appendix A.
XHQZ1	56	1	Alphanumeric		Derived urban/rural	Refer to Appendix E.
VMB1	57	1	Alphanumeric		Enemy activity	Refer to Appendix A.
XVMB1	58	1	Alphanumeric		Derived enemy activity	Refer to Appendix E.
VQE2	59	1	Alphanumeric		GVN village control	Refer to Appendix A.
XVQE2	60	1	Alphanumeric		Derived GVN village control	Refer to Appendix E.
					VSSG control indicator: Position 1: P - GVN presence Position 2: Q - Influenced by both sides Position 3: R - VC presence Position 4: S - Could not be rated Position 5: T - GVN control Position 6: U - VC control Position 7: V - GVN presence less quarterly VC veto Position 8: W - Monthly VC hamlet veto of GVN control Position 9: X - Monthly VC village veto of GVN control Position 10: Y - GVN control vetoed by unrated VC questions	This field contains the ten possible VSSG Control Categories that a hamlet can meet.
SCORE	61	10	Alphanumeric			
XTRA	71	5	Alphanumeric			The documentation indicates that this field was reserved for future file expansion.

Note on fields HMB1 thru XVQE2: While Appendix A gives a data value to the codes represented in the documentation, Appendix E's "derived indicator" and "question response table" may not help the researcher to draw a conclusion from the data. It is worth noting that each field that refers to Appendix A is immediately followed by a field that refers to Appendix E (e.g. HMB1 and XHMB1). These fields may be considered as pairs because each cite the same code and the data response to each half of the pair is identical to the other.
